Sri Sathya Sai Medical College & Research Institute  
Sri Balaji Vidyapeeth  
Chennai, India

# About Steps2Walk India

Steps2Walk was developed and chartered as a non profit (501)(c)(3) corporation by Dr. Mark Myerson in 2000. He was responding to the ongoing need for education and training of international foot and ankle surgeons who had little access to ongoing and advanced training in the specialty.

Every year Steps2Walk conducts dozens of programs around the world to help disabled patients regain their mobility and improve their quality of life. Recruiting the leading specialists in the field of orthopedic foot and ankle surgery to volunteer their time and talent, they can conduct the utmost difficult surgeries and educate the next generation of local in-country surgeons.

The need for both the care of children and adults with foot and ankle deformities as well as the education of orthopedic surgeons worldwide is clear.

**1700+**  
Surgical Operations

**600+**  
Surgeons Trained  
Annually

## About Shri Sathya Sai Medical College and Research Institute

Shri Sathya Sai Medical College and Research Institute at Chennai has been acclaimed as one of the best places for a student to pursue his/her dream career in the field of Medicine. Here, students have the opportunity to learn and grow in a safe, caring, and charming environment.

Shri Sathya Sai Medical College & RI is located at Ammapettai, on Tiruporur Guduvancherry Main Road, 45 km from Chennai Central Railway Station, and 28 km from the Chennai International Airport. It is well connected to the Chennai Metropolitan City by the Rajiv Gandhi Salai (OMR-IT corridor), which extends up to the famous Rock cave temple town of Mahabalipuram.

Shri Sathya Sai Medical College and Research Institute offers excellent infrastructural facilities with a well-planned 1100 bedded hospital. Architecturally innovative facilities are provided for ensuring the safety and comfort of the patients and their visitors. The campus is located in a well-landscaped serene environment to give an aesthetic look.
